**PART I: NAME OF APPLICANT** \_\_\_\_\_

### PART II: LIST OF FOUNDATIONAL CLASSES AND TRAINING WORKSHOPS

Applicants are expected to supply documentation for all training and education in the required five key foundational mental health areas. These key foundational courses may be obtained on the undergraduate or graduate level. If the course title does not clearly describe the content area, attach a copy of the course description from the Course Catalogue of the institution offering the class or training. If the institution is not a university, it is the responsibility of the applicant to document the equivalency of each content area through submission of supporting materials. Such materials would include curriculum, bibliographies, dates and hours of study, name and qualifications of instructor or sponsoring organization, a certificate of satisfactory completion, and so forth. An official transcript must be sent to the ABE from each college or university where you received education in the content area. Documentation must also be attached from the Institute or Agency where you received the content area.
